Washoe County Strategic Objective supported by this item: Safe, secure and healthy communities.

PREVIOUS ACTION

On July 8, 2014 the Board of County Commissioners (Board) approved a Cooperative Agreement for Washoe County Roadway Maintenance Projects between Washoe County and the Nevada Department of Transportation, which canceled a previous Cooperative Agreement and subsequent Amendment No. 1 for Eastlake Boulevard Improvement Project; and accepted state funds in the amount of \$6 million for road maintenance projects within unincorporated Washoe County in accordance with the agreement.

BACKGROUND

The repair and maintenance of County streets is part of the Community Services Department's pavement infrastructure preservation program. The objective of the maintenance program is to help keep the County's maintenance and replacement costs at a minimum. This is accomplished by performing selected maintenance (i.e., patch repair, crack sealing, slurry seals, overlays or reconstruction) when the Pavement Condition Index (PCI) falls below certain levels.

The Ventana Parkway project consists of roadbed modification with micro seal construction of approximately 7,085 lineal feet of Ventana Parkway in the Truckee Meadows area. This is the second of three planned projects utilizing the \$6 million in funding accepted from the State of Nevada in July of 2014 for Washoe County Roadway Maintenance Projects. The first project, Eastlake Boulevard Improvement Project, was completed in October 2014.

FISCAL IMPACT

The Ventana Parkway Improvement project is fully funded through revenue received from NDOT pursuant to a Cooperative Agreement approved by the Board in July of 2014. Funding in the amount of \$1,016,007.00 for this contract is available in the Roads Special Revenue Fund (216) FY15 budget in Internal Order 20397.

RECOMMENDATION

It is recommended that the Board of County Commissioners award a bid and approve the Agreement to the lowest responsive, responsible bidder for the Ventana Parkway Improvement Project [staff recommends Sierra Nevada Construction, Inc., in the amount of \$1,016,007.00].

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be. "Move to award a bid and approve the Agreement to the lowest responsive, responsible bidder for the Ventana Parkway Improvement Project [staff recommends Sierra Nevada Construction, Inc., in the amount of \$1,016,007.00]."

AGREEMENT FORM

THIS AGREEMENT, made and entered into this _____ day of _____, 2015, by and between the COUNTY OF WASHOE, a political subdivision of the State of Nevada, acting through its Board of County Commissioners, hereinafter called the "County" and _____, hereinafter called the "Contractor".
General Contractor, Nevada State License No. _____,

W I T N E S E T H :

That the County and the Contractor, for the consideration hereinafter named, agree as follows:

Article 1. Scope of Work. The Contractor shall furnish all of the materials and perform all of the work described in the Specifications for "**VENTANA PARKWAY IMPROVEMENT PROJECT, WASHOE COUNTY, NEVADA, PWP-WA-2015-180**", prepared by the Department of Public Works, and shall do everything required by this Agreement and the Specifications. The scope of work shall also include any other street or parking lot within the County's maintained system for the use of making substitutions or add-ons to the project as mutually agreeable by the County and Contractor.

Article 2. Time of Completion. The work to be performed under this Agreement shall be completed within Forty-five (45) working days from the date that the Contractor is issued the Notice to Proceed.

The date specified in the Notice to Proceed shall be the effective date of this Agreement.

Should the Contractor fail or refuse to complete the work within the stipulated time, including any authorized extensions of time, there shall be deducted from the monies due him, not as a penalty, but as liquidated damages, THREE THOUSAND DOLLARS (\$3,000.00) for each work day required to complete the work in addition to the period of time hereinbefore set forth.

In the event that the County has failed to appropriate or budget funds for the purposes specified in this agreement, or that County has been required (in its sole judgment) to amend previous appropriations or budgeted amounts to eliminate or reduce funding for the purposes in this agreement, this agreement shall be terminated without penalty, charge or sanction. (NRS 244.320)

Article 3. Contract Time Extensions. All claims for extensions of time shall be made in writing to the Engineer within seven (7) calendar days after the beginning of the delay; otherwise, they will be disallowed.

If the Contractor is delayed at any time in the progress of the work by any act or neglect of the County or the Engineer, or by any employee of either, or by any separate contractor disputes, fire, unusual weather conditions, unusual delay in transportation, or by unavoidable casualties, the contract time may be extended by change order for such reasonable time as the County may determine.

It is further expressly understood and agreed that the Contractor shall not be entitled to any damages or compensation, or be reimbursed for any losses, on account of any delay resulting from any of the aforesaid causes or any other cause regardless of whether the delay is foreseeable or not, except that the County agrees to compensate the Contractor for any damage resulting from any affirmative, willful act in bad faith performed by the County or its employees which unreasonably interferes with the Contractor's ability to perform the work.

An extension of contract time for a delay will be allowed only in the case that a normal working day is lost. A normal working day is defined as any day, except weekends and holidays, during which the Contractor can work for at least four hours. Delays will not be allowed for non-working days (e.g., weekends and holidays). Claims by the Contractor for delays will not be allowed on account of failure to furnish information, until 14 days after a request for information is submitted by the Contractor, and then not unless such claim is reasonable.

Extensions of contract time shall not be allowed for the following types of delays:

1. Delays which could have been avoided by the exercise of care, prudence, foresight, and diligence on the part of the Contractor.
2. Delays in the execution of parts of the work, which may in themselves be unavoidable, but do not prevent or delay prosecution of other parts of the work, or the completion of the whole work within the time specified.

3. Delays arising from interruptions occurring during the prosecution of the work on account of reasonable interference of other contractors employed by the County, which do not prevent the completion of the whole work within the contract time.

Article 4. Progress Payments. If acceptable progress has been made, the County shall, once each month, make an estimate of the total amount of work completed to date and the monetary value thereof and make a partial payment on the Contract.

The County shall pay, or cause to be paid, to a contractor the progress payments due under the contract within 30 days after the date the public body receives the progress bill. The County shall retain 10% of each progress payment during the first 50% of the contract to be performed. After the County determines that 50 percent of the work required by the contract has been performed, the County will retain no more than two point five percent (2.5%) of the progress payment, as long as the County determines that satisfactory progress is being made in accordance NRS 338.515

The amount withheld as provided herein shall be retained for a period of thirty (30) days from the date of the Notice of Completion.

County shall pay to Contractor, at the end of each quarter this Agreement is in effect, interest for the quarter on the amount withheld at a rate to be determined by County in accordance with State law. If the amount due the Contractor pursuant to this provision for any quarter is less than Five Hundred Dollars (\$500.00), the County may withhold the interest until: (1) the end of a subsequent quarter after which the amount of interest due is Five Hundred Dollars (\$500.00) or more; (2) the end of the fourth consecutive quarter for which no interest has been paid to the Contractor; or (3) final payment is due under the Agreement or State law; whichever occurs first. Contractor shall pay the subcontractors progress payments and pay interest on amounts retained from said progress payments in accordance with the provisions of State law.

Article 5. Acceptance and Final Payment. As soon as practical, following the completion of the work, the Contractor shall make a request by letter to the County for a final inspection and acceptance of the work; if, in the County's opinion, all provisions of the Construction Specifications and Agreement have been satisfied, the County will cause a Notice of Completion to be filed with the County Recorder.

At the expiration of thirty (30) days following the filing of the Notice of Completion or use or occupancy of the public work by the County, final payment shall be made as follows:

After deducting all previous payments from the total value of the work, the remaining balance shall be paid unless any of the following conditions exist to allow withholding of payment: (a) claims, liens or outstanding debt have been filed against the Contractor or against the work because of Contractor or its agents; (b) claims or demands by County including those involving: disputes about the Contract, Contractor or subcontractor compliance with applicable codes and laws, the work, time or liquidated damages; (c) amounts required by law to be retained by the County. Contractor shall submit proof satisfactory to the County that all payrolls, materials, bills, and other indebtedness relating to the work performed, have been paid before final payment is made.

Article 6. The Contract Sum. The County shall pay the Contractor, as full compensation for furnishing all materials and labor and doing all the work in strict accordance with the Construction Specifications and to the satisfaction of the Engineer the amount of _____ Dollars (\$) This sum is to be paid in the manner and under the conditions here in before specified.

Article 7. Performance and Payment Bonds. The Contractor agrees that he will, before this contract becomes effective, furnish the County a Performance and Completion Bond and a Labor and Material Payment Bond, furnished by a company or companies acceptable to the County, each in an amount equal to one hundred percent (100%) of the total contract sum. The Performance and Completion Bond shall be conditioned upon the Contractor's full and faithful performance of the contract in accordance with the plans, specifications and conditions of the contract in accordance with the Contract Documents and this Agreement and further conditioned upon the guarantee of said work for a period of one (1) year from the date the work is completed and accepted by County. The Labor and Material Payment Bond is solely for the protection of claimants supplying labor or materials to the contractor to whom the contract was awarded and shall be conditioned upon the Contractor's obligation to pay for all materials and labor provided on the work.
